

DANIELE FRACCARO, PICTURESQUE PORTICOES. A GUIDE TO THE PORTICOES OF BOLOGNA WITH ACTIVITIES FOR YOUNG PEOPLE - SOFT COVER

The porticoes of Bologna are like a treasure unfolding over the centuries. At times showing off proudly, at others timidly hiding. This guide will lead you to discover the wonders hidden under the arches, the capitals, wonderful scenery and shady corners. This experience of discovery will not come just from reading. In the eight fascinating itineraries, columns and bricks we will ask you to look up, see the concealed details, compare, photograph, draw, move around in the space and much more. Only in this way will the porticoes reveal their secrets and their incredible wonders to you.

See the page of the book on the official page of Bologna porticoes:
